Dear Valued Patient,

It is with mixed emotions that we announce our retirement from active practice effective December 21, 2021. In the course of over 30 years, we have valued meeting many people and have formed lasting friendships. We appreciate your loyalty to us and to Horizon Eye Care throughout the years and will value the memories we have made. But, the time has come to retire and we do so with the confidence that all our patients will continue to receive excellent care from the many fine physicians at Horizon Eye Care.

Although we realize that the choice of care is yours, we hope that you will allow Horizon to provide you with the excellent care you may require without interruption.

If you choose to continue your care as a patient of Horizon, you do not need to do anything. Your medical records will remain at Horizon's current practice location.

In the meantime, if you already have an appointment scheduled with one of us after December 21, 2021, the staff at Horizon Eye will reschedule your appointment with one of our doctors listed to the left and at an office convenient to your location. Dr. Joel Kaluzny has already joined the Horizon staff at Waverly and Cotswold in anticipation of our retirement. For those who do not have another Horizon doctor, he will be an excellent choice for your continued care.

For information about his credentials and areas of practice, please visit our website at [www.horizoneye.com](http://www.horizoneye.com) and click on the *Our Doctors* tab.

If you should decide to transfer your medical records, please contact our office at 704-365-0555, option 6 and we will assist you.

It has been a privilege to serve our patients over the years.

Dr. Judy Hustead and Dr. Paul Marvin
